

3.1. Scalability of ML Models

Last updated by | Harish Nedunuri | 21 Mar 2023 at 08:49 GMT

Level	Description	Comment
1	DevOps but no MLOps	Data complexity not addressed, Quality depends only on code
2	Automated Training MLOps	Model management as quality depends on data, code & models
3	Automated Model Deployment MLOps	Integrated Alpha-Beta testing of the model and deployment
4	Automated Operations (Full MLOps)	Automated training and testing
